STAT

Dear [Redacted]

On behalf of FBIS and in my own behalf, I extend sincerest congratulations and wishes for a happy and fulfilling retirement. We wish you and your family the greatest success with your "finca."

Over the past 24 years you have provided a much valued service to Panama Bureau. While the accomplishments of those who work daily to support the bureau in its daily operations are sometimes unfairly overlooked, it is clear that without this support the bureau would not be able to do its job. I would like to assure you that the many bureau chiefs you have served over the past 24 years have greatly appreciated, and still appreciate, your substantial contributions to the bureau's welfare and operation.

I hope you will remember your time with FBIS with the same fondness with which your friends and colleagues will remember you. Your enthusiasm and pleasant personality have made you a valued colleague as well as employee. I can think of no better measure of success.

Sincerely,

STAT
